REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach wherein an annular corner where the inside peripheral surface angle and any one end of the axially opposing end surfaces of the annular rims merge with each other is chamfered off into a depth reaching two thirds a thickness on the end surface of the associated annular rim from the inside peripheral surface of the annular rim, which slopes to a plane normal to an axial direction of the rim, with an angle less than 45 deg, wherein the slender area of the cage bar is defined in a manner having an inside surface of an axial length extending over a range of from 50% to 80% of an axial length of the pocket, and wherein a slant surface connecting the slender area and any one of the thick ends is set to slope to a plane normal to the slender area, with an angle less than 45 deg.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
